1. (Internal Use Only - JGO) Met with William Hogan, House Armed Services Committee staff, who told me that the full Committee reported out S. 1494 amending the Central Intelligence Agency Retirement Act of 1964. He called me later in the day and told me that he had received the transcript of this morning's meeting of the Intelligence Subcommittee and needed to send it on immediately to the printers. He told me that he had reviewed it from a purely editorial point of view and found nothing that needed correction. I concurred with him in sending the matter on to the printers without further review by the Agency.

2. (Internal Use Only - PLC) Miles Costick, staff assistant to Representative Ben Blackburn (R., Ga.), called for Blackburn in response to the calls I had placed. The topic was Blackburn's request for classified CIA reports. I offered a briefing by an OER analyst for next week which Costick will discuss with Blackburn and call me back. (See Memorandum for the Record.) [redacted] was called. [redacted] would do the briefing and is available anytime next week except Tuesday morning and Wednesday.

3. (Unclassified - GLC) [redacted] Medical Staff, called to ask our assistance in providing him with any background material on the laws relating to induction of medical doctors into the military service as well as any information we could provide them on proposed legislation on this topic. I told him I would check with some of our contacts on the Hill and in Selective Service and be back in touch with him.

Talked with General Sam Shaw, of Selective Service, and Charles Cromwell, Senate Armed Services Committee staff, regarding legislative proposals to provide incentives to medical doctors to enter the military service. Cromwell specifically mentioned S. 368 introduced by Senator Robert Stafford (R., Vt.) on this subject and added that an Administration proposal was being developed but has not yet been submitted to Congress.
